LIVE FEST 26

GAMING EDITION

LEAP

Nov 6 — Dec 21

Everything you need to win the biggest event of the year.

If you read one slide, read this one

November is **the warm up**. It is your revenue month, your traffic month, and the month your community learns what LIVE Fest is.

December is **the event**, because December is the **Talent League** — and the Talent League has a Gaming track built for exactly what you already do.

If you do not make the Power League top 100, it does not matter. That was never the plan.

What you can actually win

WARM-UP

Nov 6 – 19

“The free part. No opponent, no battling, and the only phase where every single creator on this roster can max it out.”

Warm-Up [Creator]

Complete all 4 once. **500 points available.**

1. **Sign up** for LIVE FEST — tap the campaign page
   [100 pts]

2. **Invite other creators** to sign up
   cap: 10 creators
   [25 pts per invite — 250 pts]

3. **Read the 5 modules** of the LIVE FEST gameplay one-pager
   [20 pts per module — 100 pts]

4. **Subscribe to campaign reminders** in the Campaign Center
   [50 pts]

Warm-Up [Creator] — every single day

Repeat daily. **250 points a day available.**

1. **Post a video** *must use #LIVEFEST2026 and the FEST effect*, twice a day
   [100 pts each — 200 pts a day]

2. **Go LIVE with the FEST effect** *more than 25 minutes, and you must be wearing the effect*, once a day
   [50 pts a day]

14 days × 250 = **3,500 pts** + 500 from the single missions = **4,000 available** against a 2,500 target

A missed day does not come back. There is no catching up on daily missions.

What the Warm-Up pays

And every point carries **1 to 1** into your Power League Round 1 score.

Signed up

Early points and FEST image stickers

600 pts

A promo coupon
50% off, up to $10

1,500 pts

A **Double Blast** you can bank all the way to the Global Finale

2,500 pts

A share of a **10,000,000 diamond pool**, split at midnight on 19 Nov

No leaderboard. Nobody to beat.

Finish on 2,500 and you start Round 1 with **2,500 banked** before a single gift is sent

Warm-Up [Gaming] — the one that decides December

Only for creators going into the **Talent League**.

Select your Talent Track during the Warm-Up, if you meet the requirement.

GAMING

At least **50% of your LIVE streams** gaming related, over the **past 14 days**, measured at the time of selection.

Your coach can see your ratio right now.

MUSIC

Get Music Lover or Music Talent status by producing music LIVE streams.

Sort this **before 19 November**. Track selection closes with the Warm-Up.

POWER LEAGUE

Nov 20 – Dec 6

“Gift and battle driven. Play it if you want to, and know the mechanics either way — but this is not the part we are pushing.”

Who advances in the Power League?

Your track is set by your highest monthly revenue across the last six months. **It locks on 17 November.**

Did not make Round 2? **Daily Quests run to 21 December** and pay rewards the whole way through.

Finish inside your track's quota and you advance. Rank 181 in a 180 slot does not.

How to collect points? Gifts & Votes

A FEST gift is worth double a regular gift of the same price. That is the whole game.

Total Points = (1) Gifts + (2) Votes + (3) Bonus Points

Regular Gifts

1 coin = **1 pt**

Votes

1 vote = **1 pt**

Vault Gifts

1 coin = **2 pts**

14,999 · 25,999 · 42,999 coins

FEST Gifts — 1 coin = 2 pts

FEST Pop **1** · FEST Gear **99** · FEST Cheers **299** · FEST Party **2,999** · a fifth still to come

A FEST Party at 2,999 coins scores 5,998 points. The same money on a regular gift scores 2,999.

How to collect points? Bonus Points

Three ways, at different times, on different days.

(1) Double Blast

Double points for 30 minutes

You choose when to use it

Unlock one a day on diamonds earned, or earn one by ranking Daily Top 20 in Round 1, or by advancing a round.

The daily one expires at midnight. The earned ones you can bank to the Finale.

Round 1 | Round 2 | Round 3

(2) Bonus Hour

Double points for everyone

No card needed. Nothing to unlock.

21:00 – 22:00 local, every day of Round 1

Never use a Double Blast inside it. They cancel each other and you lose the card.

Round 1 only

(3) Match Points

Your **daily highest** match score is added to the leaderboard.

Only a complete match counts, over 5 minutes. Unlimited tries, highest one wins.

Cap: 10M bonus points a day

A match crossing midnight counts for the day it **ends**.

Round 2 | Round 3

Your community, not your whales

FANDOM LEAGUE

Dec 9 – 15

“Twenty people sending a one-coin gift beats one person sending a big one. This is the league a real gaming community wins.”

Who advances in the Fandom League?

Your band is set by your **active fan club members**, and it locks on **6 December**. Grow it before then and you compete in an easier band.

Round 1 runs Dec 9 to 12. Bronze and Rising do not carry through to the Global Finale.

How to collect points? Gifters

Breadth beats depth. How many different people, not how much one person spends.

Total Points = FEST Gifts + Votes + Gifters + Bonus

Every unique gifter

1 gifter = **100 pts**

Twenty people sending a 1-coin FEST Pop is 2,000 points from gifters alone, before the gift value even counts.

FEST Gifts

1 coin = **2 pts**

Regular Gifts

1 coin = **1 pt**

Votes

1 vote = **1 pt**

Double Blast

All rounds. The daily unlock is based on **unique gifters**, not diamonds.

FEST Gift Match bonus

Rounds 1 and 2. Unlimited matches with the **1-coin FEST Pop only**.

Your daily highest match score is multiplied by 5.

Pick one match a day. Tell your room when it is. Get everyone sending together.

Round 1 has a daily gifting cap of 300,000. Round 2 has none.

This is the one

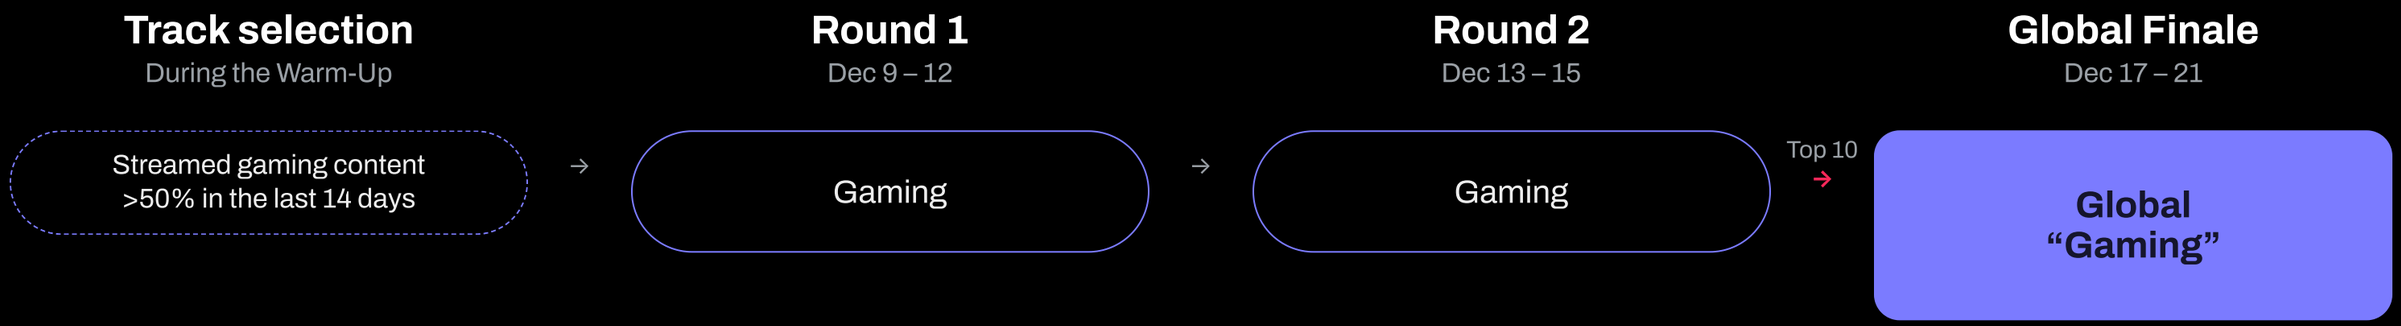

TALENT LEAGUE

Dec 9 – 15

“A Gaming track, built for gaming creators, judged on what you already do every night. Everything in November is the run-up to this.”

Who advances in the Talent League?

Win the chance to represent the region as its most talented **gaming** creator.

You cannot enter this in December if you did not select the track in **November**. That is why the Warm-Up matters to a gamer.

Daily Quests — solo, every day, all the way through

3 LIVE missions a day. More than 30 mission types. No opponent, ever.

Lv1	Lv2	Lv3	Lv4	Lv5	Lv6	Lv7	Lv8	Lv9	Lv10
3 missions Treasure box	6 missions **Double Blast**	9 Leon sticker	15 LIKE effect	20 Leon sticker	30 FEST badge	50 **Double Blast**	60 Leon sticker	70 Diamonds pool	90 **Tokyo draw**

Leon

An AI companion that picks your best three missions every morning and reminds you.

Treat 6 as your minimum

Six missions banks a **Double Blast you can save**. That alone is worth showing up for.

Ranked creators earn leaderboard points. Unranked creators get extra rewards instead, so nobody is left out.

And on top of all of it

LEAP FEST

Our own festival, dropped into the quiet week, to get everybody in the mood.

The prize

A proper **glass trophy** of the running man.

Not a badge. Not a coupon. A thing you put on the shelf behind you.

The mechanic

1 diamond = 1 point

That is it. No cards, no windows, no clever rules to learn.

Why that week

Nothing else is running 9 to 14 November.

It is the gap, and we are filling it.

LEAP FEST runs **alongside** the LIVE Fest Warm-Up, not against it. Every diamond counts for both.

You compete in your own league

Every LEAP campaign is split so you are measured against creators your size.

How we are playing this

In this order, because we are a gaming agency and not a battle agency.

1 · The Warm-Up, all of you

Highest return in the whole campaign. No opponent, free diamonds, and it banks a Double Blast.

2 · The Talent League Gaming track

Built for us, and the gate is something you can fix this week.

3 · The Fandom League

Community driven. Grow the fan club and we move your band before 6 December.

4 · Daily Quests

Solo, repeatable, and they hand out Double Blasts for turning up.

Power League is **covered** so you can play it if you want to. It is **not** what we are pushing.

You are not doing this on your own

A real briefing

On a call, before the 6th. Not a wall of text you scroll past.

Tracked daily

Your targets live in the LEAP portal. Your coach sees them every morning.

A message when you drift

With the exact number you need and exactly how long is left to get it.

LEAP incentives on top

Side quests, campaigns and coins, on top of everything TikTok pays.

Stuck on anything? Open a ticket in #support. Before the deadline we can help. After it, our hands are tied.

The three dates that cannot move

6 November

Warm-Up opens.

Daily missions do not backfill. A missed day is gone for good.

17 November

Power League tracks lock.

Set on your last six months. Nothing after this changes it.

6 December

Fandom bands lock.

On your active fan club count. **This is the only one you can still change.**

Your viewers will know LIVE Fest is on. It will be in their feed, their gift panel and on every LIVE they open. If you are the one creator not in it, they will ask why.

What to do this week

1. **Sign up** the moment the Warm-Up opens on 6 November
   your coach can tell you where you stand today
2. **Check your gaming ratio** — you need over 50% gaming LIVE across 14 days for the Talent track
3. **Start growing your fan club now** — it locks on 6 December and it is the one band you can still move
4. **Get the FEST effect on** and get used to streaming with it

Every single one of you can clear the Warm-Up. That part is not about talent, it is about turning up.
